Integrity Landscaping is a landscape installation company specializing in retaining walls, brick paver walks/patios, drainage remedies (as IDS), LED lighting, new lawns, grading, landscape renovation, new plants, ponds, statues, pergolas, and fountains. In 2014, they received the Angie's List Super Service Award for the fourth consecutive year and is the only company ever to have done this.

The owner, David reopened the business in 2007, and approached Impact Seven in the hopes of purchasing the building that his business was currently leasing. We were able to offer him a \$200,000 loan from our Venture Fund, as well as \$60,000 in working capital for building improvements. Integrity Landscaping continues to see growth, and is able to retain employees full-time during the winter months - a feat for such a highly seasonal business.
